

# HUFF STUFF

## Newsletter

### Issue 50

### April 2021

**Greetings everyone,**

Autumn is finally here. It's my favourite season of the year. I hope you all survived our weekend of very heavy rain towards the end of March and didn't discover any new leaks. There have been a few days of strong winds which, combined with an abundance of autumn leaves, could clog up your gutters and drain pipes. It might be worthwhile checking before our next rain period.

### **HUFF Survey**

Thank you to everyone who has taken the time to complete the survey. We have set the deadline for responses as Friday April 30th. If you haven't completed the survey, we would greatly appreciate your feedback.

Please use the following links:

HUFF Facilitators survey:

### **Recruiting HUFF Facilitators**

There are a number of streets in Mt Victoria, Blackheath and Medlow Bath that do not have a HUFF facilitator. If you know of anyone that might be interested in taking on the role, please pass on my details and encourage them to contact me. I'm at BANC every Wednesday and would be happy to speak with any interested persons.

### **Community Fire Units**

A Community Fire Unit (CFU) is a team of local residents living in urban areas close to bushland who are supported by Fire and Rescue NSW (FRNSW) to enhance their safety and resilience to bushfires. As a volunteer CFU member you will learn how to prepare yourself, your family and your home ahead of the bushfire season. You will learn how to make informed decisions about whether to leave early or stay and defend your property when bushfires threaten.

You will find more information about starting up or joining an existing CFU on the NSW Fire and Rescue website:

<https://www.fire.nsw.gov.au>

Until the next newsletter, take care of yourselves.

Regards Cornelia
